# YOUR LIFE ON THE LIST: WISCONSIN SUPPLEMENT 2026

## Contents

INTRODUCTION.....	3
WISCONSIN LAW SUMMARY .....	4
RULES YOU MAY FACE WHILE ON SUPERVISED RELEASE .....	9
LIFETIME GPS MONITORING.....	11
POLYGRAPHS.....	18
CHAPTER 980 (CIVIL COMMITMENT) CASES.....	21
WISCONSIN LOCAL-LEVEL RESTRICTIONS DATABASE .....	30
WISCONSIN COMMUNITIES WITH RESIDENCY, PROXIMITY, AND OTHER RESTRICTIONS.....	39
WISCONSIN COMMUNITIES THAT DO NOT HAVE RESIDENCY, PROXIMITY/ ANTI-LOITERING, ORIGINAL DOMICILE, OR HALLOWEEN RESTRICTION ORDINANCES.....	116
ADDITIONAL NOTES ON COMMUNITIES WITHOUT ORDINANCES .....	134
WISCONSIN COMMUNITIES THAT DID NOT HAVE REVIEWABLE ORDINANCES FOR THIS REPORT.....	135

## **INTRODUCTION**

“Your Life on The List”, in its fifth edition (aka the 2025 Edition) as of the publishing of this supplement, contains many useful tips and resources for those who will be forced to register for inclusion on the sex offense registry upon release. However, I cannot fit all information into Your Life on The List, especially my summary of local-level restrictions. This is meant to supplement my book for those curious about the laws of Wisconsin.

For years, I had been able to share information to prisoners through Corrlinks, but Wisconsin switched to Getting Out/GTL, which effectively ended my ability to send information by email to prisoners. Just as Your Life on The List was created to get pertinent information to those who will be forced to register upon release, this guide was created using information on commonly asked subjects from Wisconsin prisoners who will register upon release.

I must, however, add the following disclaimers: I have done all in my power to ensure the info is accurate. However, laws at the state and local level, as well as rules created by probation/parole offices, can change frequently and without much warning. This guide may help you navigate the myriad of laws that is the public registry, but it is not a substitute for current registration laws. Your local registration office (or P.O. if on supervised release) will have the final say in your registry and other requirements, and if you think it is wrong, then you must appeal that in court; at that point you will need an attorney that specializes in sex offense cases and/or civil rights. This guide, however, does not have attorney recommendations.

Throughout this report, I use terms like “Registered Person” (RP), “Person Forced to Register” (PFR), or simply “registrant” instead of “sex offender” (SO) or “Registered Sex Offender” (RSO) whenever possible, as the latter terms are considered demeaning and derogatory; however, when posting direct quotes from sources, “sex offender” or “registered sex offender” may appear.

This guide was created in accordance with 17 USC §107 (Fair Use) for educational, non-profit purpose. Any previously published material is the copyright of their respective owners.

Questions, concerns, errors found, updates, and other inquiries into this project can be addressed to:

Derek Logue, 2211 CR 400, Tobias NE 68453, Ph# 513-238-2873, email [iamthefallen1@yahoo.com](mailto:iamthefallen1@yahoo.com)

## WISCONSIN LAW SUMMARY

Wisconsin is a legal battleground for municipal residency restriction laws. Some WI communities had scaled back local residency restriction laws in response to *Hoffman, et al. v. Village of Pleasant Prairie*, Case No. 16-CV 697-JPS (E.D. Wis., 4/17/2017), which ruled the ordinance violated ex post facto & equal protection clauses. (The Pleasant Prairie ordinance had made 90% of the town off-limits & most of the remaining land was non-residential property.) *Koch v. Village of Hartland*, No. 22-1007 (7th Cir. 2022) overturned prior rulings in *US v. Leach*, 639 F.3d 769 (7th Cir. 2011) & *Vasquez v. Foxx*, 895 F.3d 515 (7th Cir. 2018), concluded that the critical inquiry in assessing retroactivity is “whether the law changes the legal consequences of acts completed before its effective date.” The courts declared the Hartland ordinance was retroactive, & remanded the case back to the US District Court to determine if the law is punitive. Residency restrictions were unsuccessfully challenged in *Nelson v. Town of Paris*, 616 F. Supp. 3d 844 (E.D. Wis. 2022), which upheld a local 6500 foot residency restriction ordinance.

Lifetime GPS in WI was upheld In *Braam v. Carr*, No. 20-1059 (7th Cir. 2022); in applying the 4th Amendment’s reasonableness standard, the Court determined the government’s interest in deterring recidivism by dangerous RPs outweighs the RPs’ diminished expectation of privacy. In *State v. Corey T. Rector*, 2023 WI 41, 5/23/23, the WI Supreme Court ruled that Rector was not required to register for life from multiple convictions stemming from a singular case. While this case did not involve someone on lifetime GPS, many RPs were placed on lifetime GPS under the same pretense; however, SB874 (2023 WI Act 254) signed into law in 3/29/2024, which allows lifetime registration, community notification, & GPS monitoring for convictions of multiple counts stemming from the same offense. It is retroactive & can be applied even to those previously released from registration duties or those not previously subjected to lifetime registration for offenses stemming from multiple counts for the same offense. An amendment to the Act limits the retroactive application of the bill to determinations made regarding whether a person has been convicted or found not guilty on two or more separate occasions after the Attorney General’s 9/1/2017 opinion interpreting that phrase was issued. In 2026, WI passed 2025 WI Act 98; transient RPs must wear GPS for the duration of their homelessness (See: WS §301.45 (4)(b); WS §301.48(2)(e))

The practice of forcing persons convicted of kidnapping to register even without a sexual element was upheld by the WI Sup Ct in 2010, citing the practice is “rationally related to a legitimate government interest.” (*State of WI v. James W Smith*, 2010 WI 16). RPs cannot photograph, film, or videotape a minor without parental written consent (WS §948.14). RPs are not allowed to change their legal names (WS §301.47).

- ❖ Date Registry Established: 12/25/1993
- ❖ Registry Retroactive? No
- ❖ Qualifying event: Conviction/Adjudication/Commitment, or was incarcerated when law passed.
- ❖ Online since: 6/1/2001
- ❖ Statutes: Wis. Stat. §301.45 through §301.49
- ❖ Substantially Compliant with the federal Adam Walsh Act?: No
- ❖ Lists all RPs on Internet website? Yes

- ❖ Where to register: Local police (County Sheriff if in unincorporated area); Apparently in 2022, those incarcerated in WI has access to <https://www.sorwi.gov/>, which allows some registrants to register by mail online, but I cannot find more details on this program.
- ❖ When to register: 10 days for initial registration after entering state, & for updates. Employment defined as a period exceeding 14 days or 30 days in a calendar year. WS §301.45(3). WI SOR FAQ page states that homeless RPs must register every 7 days (Note: Under 2025 WI Act 98, transient RPs must wear GPS for the duration of their homelessness (WS §301.45 (4)(b); WS §301.48(2)(e))); RPs must provide itinerary for temporary stays; FAQ page also defers to federal law requiring 21-days advance notice for international travel.
- ❖ Frequency/Length of registration: In-state RPs are on a two-Tier system.
  - Regular RPs: Verify annually for 15 years (the countdown starts after parole/supervision period ends, even though registration is required while on paper)
  - Lifetime registration applies to a person who has been: (1) convicted of a sex offense on two or more separate occasions; (note that according to a 2017 Wisconsin Attorney General Opinion, “two or more separate occasions” refers to the number of convictions, even if those convictions arise from the same criminal complaint & were imposed at the same time. [OAG-02-17.]) (2) convicted of certain sexual assault crimes; (3) committed as a Sexually Violent Person (SVP); or (4) ordered by a court to comply for life. Lifetime RPs must register quarterly.
  - GPS Monitoring: Some lifetime RPs after 1/1/2008 may be subject to lifetime EM (See WS §301.48); Under 2025 WI Act 98, transient RPs must now wear GPS for the duration of their homelessness (See: WS §301.45 (4)(b); WS §301.48(2)(e))
- ❖ Post-Release Supervision: Those convicted of “serious sex offenses” can be placed on lifetime supervision. (WS §939.615)
- ❖ Extra-jurisdictional or “Out-of-State” Convictions: Registration required for any extra-jurisdictional offense “comparable to a sex offense” in WI. (WS §301.45(1d)). State registry FAQ notes this also applies to offenses requiring registration in jurisdiction of conviction. Length of registration can be 20 years, 15 years, or life; see WS §301.45(5m) for details (law is too long & complex to explain here)
- ❖ Registry fees: \$100/yr. (WS §301.45(10)); WI Admin. Code DOC §332.19 implies the fees are civil in nature, but can lead to a revocation or alteration of time on supervised release
- ❖ Community Notification: In WI, this is known as a “Special Bulletin Notification” (SBN). There are three levels of notification assigned by risk –
  - Level I: Notification about the RP is disseminated to law enforcement only.
  - Level II: Notification about the RP is provided to specific individuals & groups, based on the particular facts in the case.
  - Level III: Notification is community wide notification where upon information is disseminated through media & community meetings.
  - Some local ordinances may apply residency restriction to those subject to SBN; given the context, it can be assumed such ordinances are intended for Level IIIs.
- ❖ Residence Restrictions:
  - No statewide restriction; however, many municipalities have imposed restrictions of up to 2000 feet. As of 2025, over 315 municipalities have passed some form of residency restriction. In addition, many local ordinances may include what is known as an “original domicile restriction,” meaning you cannot move into the municipality UNLESS you had resided in that municipality before your conviction. I have enclosed a summary of my 2025 review of Wisconsin municipal codes for further details.
  - Those On Paper cannot establish a residence until registering beforehand.

- Supervision: Those On Paper can be banned from residing in certain locations by courts. Those On Paper classified as SVPs cannot be placed within 1500 feet of school premises, child care facility, public park, place of worship, or youth center, nursing homes/assisted living centers, & next door to a child’s residence; must be released only in the county of conviction.
- ❖ Anti-Clustering: None
- ❖ Employment Restrictions:
  - Cannot provide paid martial arts instruction to a minor.
  - Cannot work for transportation network company, such as Uber. WS §440.03 (17) (a) 1. a. & (b), & §440.445 (2) (a) 2. & 3.
  - RP convicted of a “serious child sex offense” cannot hold a job or volunteer position that requires the RP to work or interact primarily & directly with children under 16. WS §948.13 (2) (a)
  - State law also makes RPs who committed certain offenses ineligible to receive many types of occupational licenses. For instance, RPs are ineligible for a license to operate a child care center or to drive a school bus if they commit sexual assault, child enticement, possession of child pornography, or other specified crimes. [WS §48.65 (1), §48.685 (1) (c) & (2) (ar), & §343.12 (7) (c), Stats. & s. Trans §112.15 (1), Wis. Adm. Code.]
  - Ineligible to receive other individual occupational licenses if that RP’s crime is determined to be “substantially related” to the work of the occupation, or if that RP’s crime is a felony & a felony conviction makes a person ineligible for a particular license.
  - Municipalities may also add their own employment or license bans. The most common bans include sexually oriented business, certain jobs that may be seen as child-friendly (like ice cream truck owner) or people transport jobs (taxi or Uber/Lyft)
- ❖ Presence Restrictions:
  - RPs must provide notice before going on school grounds; otherwise, are banned from premises. WS §301.475.
  - Those on probation, extended supervision, parole, conditional release, supervised release, or lifetime supervision areas can be banned from being present from areas children congregate, with perimeters of 100 to 250 feet. (See WS §301.48(3c))
  - Municipalities may impose presence restrictions beyond state laws.
- ❖ Halloween/Holiday Restrictions: None; however, some communities have restrictions on Halloween activities, i.e., bans on wearing costumes or participating in events involving minors, with some exceptions if a minor present is your own child; some LEAs also conduct compliance check operations specific to Halloween.
- ❖ Travel regulations: WI-SOR response letter (2019), the 10 day period also applies to visitors. No mention of any limit per month or year. However, to be safe, visitors should assume the 30 day per year limit will apply. Visiting RPs are placed on state’s website & not removed. May have to pay a fee. May be subjected to local residency restrictions.
- ❖ Civil Commitment: Yes (See WS §980.01-§980.14)
- ❖ Parental Rights: Parental rights can be terminated if child was received by rape. WS §48-415
- ❖ Voting Rights: Restored upon completion of sentence, including prison, parole, & probation
- ❖ ID Card Laws: None
- ❖ Chemical Castration Law: WI DOC or the Parole Commission may require “certain serious child sex offenders” to undergo pharmacological treatment using an antiandrogen or chemical equivalent as a condition of parole. The requirement can only apply to those convicted of s. 948.02 (1) or (2), Stats., Sexual Assault of a Child – First or Second-Degree, or s. 948.025 (1), Stats., Repeated Acts of Sexual Assault of the Same Child, against a child under 13 years old. [s. 304.06 (1q), Stats.] WIDOC reported to the state legislature in 2021 that it offers such

pharmacological treatment to qualifying individuals on supervision, but does not require those on supervision to receive it. See WI Stat. §302.11(1g)(b) and WI Stat. §304.06 (1q)

❖ Relief from SO Legal Restrictions:

- No provision for relief from lifetime registration if mandated by WS §301.45(5)(b) or (5m)(b).
- Lifetime registration based on court-ordered lifetime supervision order under WS §939.615: May petition the court for termination of supervision after 15 years. WS §939.615(6). Upon termination of supervision, the court may order relief from registration obligations. WS §301.45(5)(am)(2).
- Certain court-ordered registration based on depiction of nudity without consent terminates upon completion of sentence/satisfaction of court order. WS §301.45(1p)(b).
- Pardon may relieve registration requirement but no authority on point.
- Certain youthful convictions (where offense did not involve intercourse through violence/threat of violence) may petition for relief at any time. WS §301.45(1m). Expungement of certain invasion of privacy convictions/adjudications upon completion of dispositional order relieves registration obligations. § 301.45(1p)(a). Available only to juveniles/offenders under 25. See WS §938.355 (juveniles), WS §973.015 (persons under 25) for eligibility criteria.
- Lifetime supervision order: No criminal conviction while under supervision. WS §939.615(6)(b)(1). Court must find "that lifetime supervision is no longer necessary to protect the public," WS §939.615(6)(g), & may also order that the person is no longer required to register. WS §939.615(6)(i). Court considers mandatory evaluation of physician/psychologist. WS §939.615(6)(e).
- Youthful convictions: Court must determine "it is not necessary, in the interest of public protection, to require the person to comply with the reporting requirements." WS §301.45(1m)(a)(3).

What information does the Wisconsin SOR collect?

Your first time registering may feel like being booked for a crime. You will likely be fingerprinted, photoed, and likely swabbed for a DNA sample. You will likely fill out and sign paperwork that you understand your duties to register and that you can be charged for failure to comply. Both the Wisconsin Statutes §301.45 (2)(a) and Wis. Adm. Code, DOC §332.04 (2) determine what information is collected during the registration process; Registry agents collect the following:

1. The person's name, including any aliases used by the person
2. Information sufficient to identify the person, including date of birth, gender, race, height, weight and hair and eye color.
3. The statute the person violated that subjects the person to the requirements of this section, the date of conviction, adjudication or commitment, and the county or, if the state is not this state, the state in which the person was convicted, adjudicated or committed.
4. 3m. a. Any sex offense that was dismissed as part of a plea agreement if the sentencing court ordered that the offender be subject to the registration requirements of this section, and b. Any sex offense that was dismissed as part of a plea agreement if the adjudicating court ordered that the juvenile be subject to the registration requirements of this section.

5. The date the person was placed on probation, supervision, conditional release, conditional transfer or supervised release, released from confinement, whether on parole, extended supervision or otherwise, or discharged or terminated from a sentence or commitment, entered the state, or ordered to register
6. All addresses at which the person is or will be residing.
7. The name of the agency supervising the person, if applicable, and the office or unit and telephone number of the office or unit that is responsible for the supervision of the person.
8. The name or number of every electronic mail account the person uses, the Internet address of every website the person creates or maintains, every Internet user name the person uses, and the name and Internet address of every public or private Internet profile the person creates, uses, or maintains; applies only to an account, website, Internet address, or Internet profile the person creates, uses, or maintains for his or her personal, family, or household use (not listed publicly).
9. The name and address of the place at which the person is or will be employed or attend school
10. For a person covered under sub. (1g) (dt), a notation concerning the treatment that the person has received for his or her mental disorder, as defined in s. 980.01 (2). If the department has supervision over a person subject to sub. (1g), the department shall enter into the registry under this section the information specified in par. (a) concerning the person.
11. The most recent date on which the information in the registry was updated.

DOC 332.04 Maintenance of registry.

1. The department shall maintain a registry of all persons subject to registration requirements.
2. Persons subject to registration shall complete, sign, and submit a form designated by the department that requires:
  - a. All of the information specified at s. 301.45 (2) (a), Stats., and;
  - b. Any other information that the department deems necessary to aid law enforcement or furthers the interests of public protection. Information under this paragraph shall only be made available to the department and law enforcement.

## **RULES YOU MAY FACE WHILE ON SUPERVISED RELEASE**

Registered citizens will face more rules, & most likely more oversight than registrants “off paper” or non-registrants “on paper.” Rules vary by state or other jurisdiction (Federal has their own rules), & not every state publicly posts their rules online. In Wisconsin, there are standard rules (rules that apply to all under supervision) & discretionary rules, i.e. additional rules that could be added to your terms of release by the courts or a PO. The rules below were copy-pasted from the WIDOC page entitled, “Standard Rules of Community Supervision.” in April 2026. You can find the most current rules at: <https://doc.wi.gov/Pages/AboutDOC/CommunityCorrections/SupervisionRules.aspx>

### **STANDARD RULES FOR SUPERVISION**

In Wisconsin, there are 18 “standard rules of Supervision,” including notification for changes of housing or employment status, the payment of court & monitoring fees, getting permission to travel; borrow money; organize an event; subject yourself to random home/drug searches, & the requirement to attend all mandatory meetings, etc. The last Wisconsin general supervision rule is to “Comply with any court ordered conditions &/or any additional rules established by your agent. The additional rules established by your agent may be modified at any time as appropriate.” In other words, the PO has discretion to make up his/her own rules. You shall:

1. Avoid all conduct which is in violation of federal or state statute, municipal or county ordinances, tribal law or which is not in the best interest of the public welfare or your rehabilitation.
2. Report all arrests or police contact to your agent within 72 hours.
3. Make every effort to accept the opportunities and cooperate with counseling offered during supervision to include addressing the identified case plan goals. This includes authorizing the exchange of information between the department and any court ordered or agent directed program for purposes of confirming treatment compliance; and subsequent disclosure to parties deemed necessary by the agent to achieve the purposes of Wisconsin Administrative Code **Chapter DOC 328** and **Chapter DOC 331**. Refusal to authorize the exchange of information and subsequent disclosure shall be considered a violation of this rule.
4. Inform your agent of your whereabouts and activities as he/she directs.
5. Submit a written report monthly and any other such relevant information as directed by DCC staff.
6. Make yourself available for searches including but not limited to residence, property, computer, cell phone or other electronic device under your control.
7. Make yourself available for tests and comply with ordered tests by your agent including but not limited to urinalysis, breathalyzer, DNA collection and blood samples.
8. Obtain approval from your agent prior to changing residence or employment. In the case of an emergency, notify your agent of the change within 72 hours.
9. Obtain approval and a travel permit from your agent prior to leaving the State of Wisconsin.
10. Obtain written approval from your agent prior to purchasing, trading, selling or operating a motor vehicle.
11. Obtain approval from your agent prior to borrowing money or purchasing on credit.

12. Pay court ordered obligations and monthly supervision fees as directed by your agent per Wisconsin Statutes, and Wisconsin Administrative Code; and comply with any department and/or vendor procedures regarding payment of fees.
13. Obtain permission from your agent prior to purchasing, possessing, owning or carrying a firearm or other weapon, or ammunition, including incapacitating agents. An offender may not be granted permission to possess a firearm if prohibited under federal or state law.
14. Not vote in any federal, state or local election as outlined in **Wisconsin Statutes s.6.03(1)(b)** if you are a convicted felon, until you have successfully completed the terms and conditions of your felony sentence and your civil rights have been restored.
15. Abide by all rules of any detention or correctional facility in which you may be confined.
16. Provide true, accurate, and complete information in response to inquiries by DOC staff.
17. Report as directed for scheduled and unscheduled appointments.
18. Comply with any court ordered conditions and/or any additional rules established by your agent. The additional rules established by your agent may be modified at any time as appropriate.

#### **SPECIAL CONDITIONS FOR THOSE FORCED TO REGISTER UPON RELEASE**

**Notice:** If you are on parole and sentenced for crimes committed on or after June 1, 1984, or have chosen to have the new Good Time Law apply to your case and you violate these rules, the highest possible parole violator sentence will be the total sentence less time already served in prison or jail in connection with the offense. As established by **Administrative Rule DOC 328.12**, you have an opportunity for administrative review of certain types of decisions through the offender complaint process. The following rules are in addition to any court-ordered conditions. Your probation, parole or extended supervision may be revoked if you do not comply with any of your court-ordered conditions or if you violate any of the following rules. You shall:

1. Have no contact or attempt contact with \_\_\_\_\_ nor with any prior victims of your offenses nor their family members without prior agent approval. Contact includes face-to-face contact, contacts facilitated by third parties and any other forms of communication including but not limited to telephone, computer, mail and any other electronic or scientific means.
2. Fully cooperate with, participate in, and successfully complete all sex offender evaluations related to risk and treatment.
3. Fully cooperate with, participate in, and successfully complete all sex offender services deemed appropriate through the sex offender evaluation process. Successful completion shall be identified through completion criteria determined through the sex offender standards.
4. Not reside nor "stay" overnight in any place other than a pre-approved residence without prior agent approval. "Overnight" is defined as the daily period of time between the hours of \_\_\_\_ pm and \_\_\_\_ am unless redefined by your agent in advance.
5. Permit no person to reside nor stay in your designated residence between the hours of \_\_\_\_ pm and \_\_\_\_ am without prior agent approval.
6. Comply with any additional sex offender rules that may be established by your agent. The rules may be modified at any time as appropriate. (NOTE: As the information above clearly indicates, the "agent" (either the PO or the court) has power to change or add rules to the terms of supervised release in Wisconsin.

## **LIFETIME GPS MONITORING**

The fight against lifetime GPS monitoring has been an ongoing battle. The 7th Circuit upheld the lifetime GPS in *Belleau v. Wall*, 811 F.3d 929, 937 (7th Cir. 2016), declaring that the statute did not violate the Ex Post Facto Clause of the Constitution because the monitoring was considered “prevention,” not “punishment.” WI Attorney General Brad Schimel had broadened the class of those subjected to lifetime GPS monitoring to include not just “recidivists” (those with 2 separate convictions), but more than one count even on the same offense, thus subjecting more to lifetime GPS.

A challenge to the broader provisions also failed. The 7th Circuit reaffirmed lifetime GPS in WI in the June 2022 ruling *Braam v. Carr*, No. 20-1059 (7th Cir. 2022). Applying the 4th Amendment’s reasonableness standard, the government’s interest in deterring recidivism by dangerous offenders outweighs the offenders’ diminished expectation of privacy. Any differences between the 2016 plaintiff & these plaintiffs are too immaterial to make the earlier holding inapplicable.

In *State of Wisconsin v Muldrow*, 2018 WI 52 (WI Sup Ct, 5/18/18), the Wisconsin Supreme Court denied a challenge to lifetime GPS on the grounds it is a punishment & that the consequences of a guilty plea should have included a warning that lifetime GPS would be a part of the sentencing. The state upheld lower court rulings, adding, “The Applying the intent-effects test (i.e., the Martinez-Mendoza factors), we hold that neither the intent nor effect of lifetime GPS tracking is punitive. Consequently, Muldrow is not entitled to withdraw his plea because the circuit court was not required to inform him that his guilty plea would subject him to lifetime GPS tracking.”

In *State v. Corey T. Rector*, 2023 WI 41, 5/23/23, Rector pleaded to 5 counts of CP in a single case, his only conviction. The sentencing judge placed him on the SOR for 15 yrs. The state appealed on the grounds any two or more convictions of registry-eligible sex offenses trigger mandatory lifetime registry. The WI Sup Ct ruled (4-3) that Rector is not required to register for life from multiple convictions stemming from a singular case. While this case did not involve someone on lifetime GPS, GPS had been issued to those with multiple convictions for the same offense. The Capital Times of Madison WI (Cap Times) reported on 8/8/23 that WIDOC began removing GPS from RPs convicted of multiple charges for the same offense; they had reported 625 RPs not under WIDOC supervision was on GPS but were unsure how many of them the new policy would impact.

However, SB874 (2023 WI Act 254) was signed into law in April 2024, reinstating lifetime GPS for multiple counts stemming from same offense. “2023 Wisconsin Act 254 eliminates the language referring to two or more separate occasions, both for the purposes of when lifetime SO registration applies and for the purposes of whether an agency with jurisdiction must issue a law enforcement bulletin. Under the act, a person is subject to lifetime SO registration requirements and an agency must issue a law enforcement bulletin when a person “has been convicted 2 or more times, including convictions that were part of the same proceeding, occurred on the same date, or were included in the same criminal complaint, for a sex offense ...” These requirements also apply when a person has been found “2 or more times, including findings that were part of the same proceeding, occurred on the same date, or were included in the same criminal complaint, not guilty or not responsible by reason of mental disease or defect for a sex offense...”

The act specifies that the changes described above first apply to determinations made on September 2, 2017, regarding whether a person has been convicted or found not guilty on two or more separate occasions. The act requires DOC to identify persons who were released from the requirement to comply with lifetime sex offender registration requirements, but who would not have been released had the act been in effect, and notify these persons that they are subject to lifetime registration...Effective date: March 31, 2024.

The following information was extrapolated from an online memo entitled “Mandatory Lifetime GPS Tracking of Certain Sex Offenders” signed 6/25/2019 by Lance Wiersma, director of Community Corrections. Please note this is merely a “guidance document” but it will give you an idea of the setup of the lifetime GPS program in WI, at least as how it was once operated. Some rules may have changed since 2019; I have yet to see an updated memo, however.. The link to an archived version of this report can be found at:

[https://web.archive.org/web/20240131070756/https://doc.wi.gov/GuidanceDocumentsV2/DCC/DCC\\_AD13-08\\_Mandatory%20Lifetime%20GPS%20Tracking%20of%20Certain%20Sex%20Offenders.pdf](https://web.archive.org/web/20240131070756/https://doc.wi.gov/GuidanceDocumentsV2/DCC/DCC_AD13-08_Mandatory%20Lifetime%20GPS%20Tracking%20of%20Certain%20Sex%20Offenders.pdf)

REFERENCE(S): Administrative Directive# 13-07, GPS Supervision Reclassification

#### **AUTHORITY: Wis. Stats. §301.48**

2005 Wisconsin Act 431 & 2007 Wisconsin Act 20 created W.S. 301.48 & requires the Department to place certain sex offenders on lifetime GPS tracking upon their release from prison (parole, extended supervision, maximum discharge); or, upon being placed on probation for a serious child sex offense (Level 1 child sex offense or Level 2 child sex offense); or, upon being granted supervised release; or being discharged from as. 971 ors. 98·0commitment.

#### **DEFINITIONS:**

- ❖ "Exclusion Zone " means a zone in which a person who is tracked using a global positioning system tracking device is prohibited from entering except for purposes of traveling through it to get to another destination.
- ❖ "GPS" means global positioning system tracking that actively monitors & identifies a person 's location & timely reports or records the person's presence in an exclusion zone or the person's departure from an inclusion zone.
- ❖ "Inclusion Zone" means a zone in which a person who is tracked using a global positioning system tracking device is prohibited from leaving.
- ❖ "Level 1 child sex offense" means a violation of s. 948.02 or 948.025 in which any of the following occurs:
  - The actor has sexual contact or sexual intercourse with an individual who is not a relative
  - of the actor & who has not attained the age of 13 years & causes great bodily harm, as defined ins. 939.22(14), to the individual.
  - The actor has sexual intercourse with an individual who is not a relative of the actor &
  - who has not attained the age of 12 years.
- ❖ "Level 2 child sex offense" means a violation of s. 948.02 or 948.025 in which any of the following occurs:
  - The actor has sexual intercourse, by use or threat of force or violence, with an individual
  - who is not a relative of the actor & who has not attained the age of 16 years.

- The actor has sexual contact, by use or threat of force or violence, with an individual who has not attained the age of 16 years & who is not a relative of the actor, & the actor is at least 18 years of age when the sexual contact occurs.
- ❖ Use of threat of force or violence is defined by an additional conviction, enhancer or read-in count or case of a violent nature that occurred at the time of the Sexual Assault.
- ❖ "Relative" means a son, daughter, brother, sister, first cousin, 2nd cousin, nephew, niece, grandchild, or great grandchild, or any other person related by blood, marriage, or adoption.
- ❖ "Serious child sex offense" means a Level 1 child sex offense or a Level 2 child sex offense.
- ❖ "Sexual Intercourse" means vulvar penetration as well as cunnilingus, fellatio, or anal intercourse between persons or any intrusion of any inanimate object into the genital or anal opening either by the defendant or upon the defendant's instruction. The emission of semen is not required.

### **POLICY:**

The Department shall maintain lifetime tracking of a person if any of the following occurs with respect to the person on or after January 1, 2008:

1. A court places the person on probation for committing a Level 1 child sex offense [W.S. 301.48(2)(a)(1)].
2. The person is convicted for committing a Level 2 child sex offense & the court places the person on probation for committing the Level 2 child sex offense [W.S. 301.48(2)(a)(1m)].
3. The department releases the person to extended supervision or parole while the person is serving a sentence for committing a Level 1 child sex offense [W.S. 301.48(2)(a)(2)].
4. The person is convicted for committing a Level 2 child sex offense & the department releases the person to extended supervision or parole while the person is serving the sentence for committing the Level 2 child sex offense [W.S. 301.48(2)(a)(2m)].
5. The department releases the person from prison upon the completion of a sentence (i.e., Maximum Discharge) imposed for a Level 1 child sex offense [W.S. 301.48(2)(a)(3)].
6. The person is convicted for committing a Level 2 child sex offense & the department releases the person from prison upon the completion of the sentence imposed for the Level 2 child sex offense [301.48(2)(a)(3m)].
7. The court places a person on lifetime supervision under W.S. 939.615 for committing a serious child sex offense & the person is released from prison [301.48(2)(a)(6)].
8. A police chief or sheriff receives a notification under 301.46(2m)(am) (i.e., Mandatory 2- strike Special Bulletin Notification) regarding the person [W.S. 301.48(2)(a)(7)].
9. The court finds a person not guilty of a serious child sex offense by reason of mental disease or mental defect & is placed on conditional release or discharged under W.S. 971.17(6).
10. The court places a person on supervised release under W.S. 980.08(6m).
11. The court discharges a person under W.S. 980.09(4).
12. The department makes a determination utilizing a risk assessment instrument that GPS is appropriate for the person [W.S. 301.48(2)(a)(2g)]. If a person who committed a serious child sex offense or a person under supervision under the interstate corrections

compact for a serious child sex offense, is not subject to lifetime tracking under sub. (2), the department shall assess the person's risk using a standard risk assessment instrument to determine if global positioning system tracking is appropriate for the person.

For each person who is subject to GPS tracking under W.S. 301.48, the Department of Corrections must create individualized exclusion zones & inclusion zones for that person as is necessary to protect the public.

In creating exclusion zones, the department shall focus on areas where children congregate, with perimeters of 100 to 250 feet. More information regarding the creation of these zones is available through GPS training offered by the Monitoring Center & GPS vendor.

### **1. Identifying Individuals Who Require Mandatory Lifetime GPS Tracking:**

For any offender placed on probation, accepted under interstate compact or released from the institution on or after January 1, 2008 with a conviction for First or Second Degree Sexual Assault of a Child (W.S. 948.02) or Repeated Acts of Sexual Assault of a Child (W.S. 948.025), the agent of record must complete a DOC-2435 GPS Tracking Screening Sheet. For probation & interstate compact cases, the agent will have 14 calendar days from the date the offender was placed on probation or accepted under the interstate compact to complete this form. For offenders being released from the institution, the agent must complete this form 30 calendar days prior to the offenders' release. Once the form is completed, the agent must email the form to the Director of Sex Offender Programs who will determine if this offender meets the statutory definition of a Level 1 &/or a Level 2 child sex offender & therefore required to be on GPS tracking.

As it relates to interstate compact cases, the Wisconsin Interstate Compact office will email GPS Specialist incoming cases for review. They will provide the name of the offender as well as the offender compact number. The GPS Specialist will need to enter ICOTS & gather needed information to complete the DOC-2435. If there is not sufficient information to do an accurate screening, the GPS Specialist will notify the Wisconsin Interstate Compact office & request additional information. Once the screening is completed, the GPS Specialist will notify the Wisconsin Compact Office & the field office of the results.

### **2. Penalty:**

Whoever intentionally tampers with a GPS tracking device or comparable technology provided under W.S. 946.465 is guilty of a Class I Felony punishable by up to 3 ½ years in prison &/or a \$10,000.00 fine; however, for a repeat offender, the term of imprisonment may increase by up to 2 years with prior misdemeanor convictions, & up to 6 years with a prior felony conviction. Tamper alerts will be received at the Monitoring Center & will be addressed as outlined the GPS Monitoring Procedures.

### **3. Termination of Individuals Who Move Out of State:**

According to W.S. 301.48(7m), if a person who is subject to GPS tracking moves out of state, the department shall terminate the person's tracking. Prior to the individual leaving the state, staff are to retrieve the GPS equipment & return the equipment to the Monitoring Center. If the person returns to the state, the department shall reinstate the person's tracking.

#### **4. Division of Community Corrections (DCC) Field & Monitoring Center Staff Protocol for Mandatory Lifetime GPS:**

- ❖ Agent to take current GPS vendor software training if they do not have access to the software that is currently being used.
- ❖ Agent to fax Enrollment Packet to the Monitoring Center (MC) at (608) 240-3360 a minimum of 5 days prior to hookup. The Enrollment Packet includes the following forms:
  - GPS Enrollment (DOC-13628)
  - Apprehension Request (DOC-58)
- ❖ For GPS & EM Enrollment, Agent to list the estimated time of hookup in the "Effective Date & Time" field. (Please do not put in an End Date)
- ❖ When the MC receives a GPS Enrollment, MC Staff will enter the current GPS Vendor web-based application & confirm that all information has been entered & is correct. This includes Client Profile, Device Assignment, Mandatory State of Wisconsin Zone, Contacts & the Apprehension Request information. If there is a discrepancy or missing information, MC Staff will notify Agent by phone or voice mail.
- ❖ MC Staff will then send an e-mail notification to the Agent informing them that the client is enrolled & they are now able to go in & enter schedules, inclusion zones & exclusion zones.
- ❖ Field Staff will enter Schedules, inclusion zones & mandatory exclusion zones.
- ❖ Prior to traveling to a site for hookup, Agent is to call the MC to confirm all information has been received & is correct for GPS. (And EM if applicable). Agent is to call the MC after the hookup, while still at the site, to see if the MC is receiving points & if the hookup is valid. For all offenders on GPS & for GPS related issues.
- ❖ Agent will contact MC Staff if the estimated hookup time has been delayed.

#### **5. Mandatory GPS Offenders transitioning to Maximum Discharge:**

- ❖ As the GPS offender approaches discharge, the agent of record will go over the DOC-2562 Maximum Discharge Lifetime GPS Requirements with offender. The agent will secure the offender's signature when possible & provide a copy to the offender. The DOC-2562 is then sent to the GPS Specialist.
- ❖ The agent of record will notify the MC that the offender is transitioning to Maximum Discharge & a service request should be made to make any changes to equipment as necessary, to ET-1 with no beacon/ no downloader.

#### **6. Mandatory GPS Offenders Being Released on MAXIMUM DISCHARGE:**

Wisconsin Statute 301.48 requires certain serious sex offenders to be placed on GPS tracking for the remainder of their life. Some of these individuals will be released from the institution on their Maximum Discharge date with no subsequent period of community supervision. According to the statutes, these individuals are still required to be placed on GPS tracking on their day of release.

The law also requires the Department to contract with a vendor for GPS tracking who will be responsible for installation & removal of the equipment. The Department is currently under contract with BI, Inc. BI, Inc. is responsible for the initial installation of the GPS equipment &

will address any equipment problems throughout the offender's time on GPS. The process for implementing GPS tracking on Mandatory GPS Offenders Being Released on MAXIMUM DISCHARGE ONLY is outlined below:

For Field Agents & For The Monitoring Center:

1. The agent of record will submit a DOC-1362B to the Monitoring Center.
2. The MC Staff will enroll the offender into the current GPS vendor system. The MC will enter the Mandatory State of Wisconsin Zone & any Exclusion zones provided by the GPS Specialist.
3. The MC Staff will have the agent or DCC designee coordinate with the installer of the GPS vendor to arrange the hook up to equipment.
4. The agent of record will be responsible for all arrangements to complete the initial GPS hook-up.
5. The agent of record or institution social worker will go over the DOC-2562, Maximum Discharge Lifetime GPS Requirements, with offender. The agent will secure the offender's signature when possible & provide a copy to this offender. The DOC-2562 is then sent to the GPS Specialist.
6. The agent of record (or DCC designee) will be responsible for transporting the individual from the institution to the offender's residence or the agent's office on the day of release.
7. The agent of record may meet with local law enforcement agencies where the individual is planning to reside to staff the case.
8. No inclusion zones will be created for these individuals as they are no longer on supervision & the Department has no statutory authority to restrict their movement.
9. Exclusion Zone: Upon request of a victim, exclusion zones may be imposed. The GPS Specialist shall determine if exclusion zones are appropriate based on information provided by the victim, the Victim Services Program, &/or other relevant information. The GPS Specialist shall draw the exclusion zones within the GPS electronic system. The GPS Specialist shall contact the Monitoring Center to inform them of the exclusion zone. If a Registrant enters an exclusion zone, custody is not applicable. MC staff shall contact the GPS Specialist if during working hours. If unable to contact the GPS Specialist, MC staff will contact local law enforcement & read the following policy: "The Department of Corrections has been made aware that a MD Lifetime GPS Registrant has entered an exclusion zone where a victim may be present or is in an area that may be of concern for local law enforcement. The Department has no legal authority over this Registrant but a welfare check may be warranted on the victim or contact with the registrant may be deemed necessary by local law enforcement. The victim information is: Name, Address, Phone Number(s), Other Family/Friend Contact Information, Any questions, concerns or requests for follow-up information should be directed to the Monitoring Center at 800-978-0078." Exclusion zones may also be imposed if deemed appropriate by the GPS Specialist & approved by the Sex Offender Programs Director, i.e. school zones, parks, daycares, etc.
10. All GPS MD Registrants shall be placed on an ET-1, no beacon/no downloader. A landline telephone is not necessary.
11. If the individual refuses to allow the GPS unit to be installed, the agent or supervisor shall contact the GPS Specialist &/or the Director of Sex Offender Programs for further instruction, to include possible referral to the District Attorney's office.

**7. Maximum Discharge Offenders & Contact with Law Enforcement: Monitoring Center & GPS Specialist.**

1. MC Staff will perform a welfare check on maximum discharge offenders when they receive a tamper alert, Tracker Missed Callback after 24 hours & not charging their equipment & unmonitored for 24 hours.
  - a. MC staff will send Welfare Check to local Law Enforcement citing Wisconsin Statute 946.465: Whoever, without the authorization of the Department of Corrections, intentionally tampers with, or blocks, diffuses, or prevents the clear reception of, a signal transmitted by, a global positioning system tracking device or comparable technology that is provided under s. 301.48 or 301.49 is guilty of a Class I felony.
  - b. Law Enforcement will Contact MC staff providing them information on if client has tampered with unit.
  - c. If tamper has been detected MC staff will again cite statute 946.465; it is then law enforcement's decision whether to press charges.
  - d. MC Staff will have LE take offenders transmitter if being taken into custody for tampering as evidence
  - e. MC Staff will submit a service request & have installer pick up unit for Failure Analysis on equipment & to put new equipment on offender if released or being released.
  - f. MC Staff will send a notification e-mail to GPS Specialist DOC GPS Mailbox & MC Supervisors of the incident.
  - g. When a Failure Analysis has been completed the MC Supervisors will forward this to the GPS Specialist & the GPS specialist will submit to DA for charges.
  - h. If no tamper has been seen by Law Enforcement, MC Staff will submit a service request to have the strap or unit replaced.
2. If Service was submitted & current vendor installer is with client prior to law enforcement reviewing unit.
  - a. MC Staff will ask installer to step outside & confirm if they see tampering with the unit.
  - b. If tampering is seen MC Staff will ask the installer to switch out the unit with a new one & the MC Staff will submit a Failure Analysis to have it checked.
  - c. Once the Failure Analysis is completed all documents will be sent to GPS Specialist for further charges to be determined. If the installer sees no sign of tampering they will continue with service on the unit.

If the person who is subject to lifetime GPS tracking completes his or her sentence, including any probation, parole or extended supervision, the department may use passive positioning system tracking. Approval to utilize passive GPS tracking in lieu of active GPS tracking must be obtained from the DCC Administrator or designee.

## **POLYGRAPHS**

Unfortunately, polygraphs can be utilized as part of supervision, allowable under WI law:

301.132 Honesty testing of sex offenders. (Reviewed April 2026)

(1) In this section:

(a) “Lie detector” has the meaning given in s. 111.37 (1) (b).

(b) “Polygraph” has the meaning given in s. 111.37 (1) (c).

(c) “Sex offender” means a person in the custody of the department who meets any of the criteria specified in s. 301.45 (1g).

(2) The department may require a sex offender to submit to a lie detector test when directed to do so by the department. The department may require submission to a lie detector test under this subsection as part of a sex offender’s correctional programming or care and treatment, as a condition of a sex offender’s probation, parole or extended supervision, or both as part of a sex offender’s correctional programming or care and treatment and as a condition of the sex offender’s probation, parole or extended supervision.

301.132(3)(3) The department shall promulgate rules establishing a lie detector test program for sex offenders. The rules shall provide for assessment of fees upon sex offenders to partially offset the costs of the program.

History: 1995 a. 440; 1997 a. 283; 1999 a. 89.

Cross-reference: See also ss. DOC 332.015, 332.15, 332.16, 332.17, and 332.18, Wis. adm. code.

As told to be by those who have experienced this program, extended supervision ("ES") is essentially a mandatory parole. Under WI "Truth-In-Sentencing" laws, one does X-amount of time incarcerated, then finishes the remainder of the time on ES. One long-standard SO rule imposed by the agent is the compliance with any polygraph examination. Most SOs will get them not long (within 6-8 months) after their release—the most common being the "maintenance" examination which is to determine whether you're merely following your conditions/rules. There is also a "treatment" examination which is to help determine if you're being truthful during treatment programming, especially if the facilitator sniffs that you're not being entirely transparent. This is generally not given unless necessary. According to the website <https://polygraphguy.com/wisconsin/>, polygraph fees are between \$500-\$650 depending on which county administers them.

To summarize polygraphs & their usage in treatment: The polygraph does not “detect lies” but merely detects changes in heart rate, breathing, blood pressure & perspiration, & the results are interpreted by someone likely to be biased against the person taking the test. Polygraphs fail scientific scrutiny tests & are generally not admissible in court. However, polygraphs are being repackaged as tools to aid in sex offender treatment programs. The tools are utilized as an intimidation tool to extract confessions from people in the program suspected of dishonesty. The effects of these intimidation tactics carry over into the studies performed by polygraph proponents.

Proponents of polygraph PCSOT usage rely largely on self-report studies by test subjects who were likely coerced or were willing to tell researchers what they wanted to hear to curry favor so that researchers can claim a higher number of “undetected victims” as well as overestimate the ability of polygraphs to detect deception. Other studies rely on various degrees of stat manipulation. Arguing for the use of polygraphs requires proponents to downplay the fact the test is beatable. The PCSOT relies on the belief that the polygraph is a magic device, so proponents have a vested interest in keeping the mystique of the polygraph alive. All of these myths must be propagated for the polygraph to even be remotely useful.

In reality, polygraphs lack a universal standard, have a lack of evidence showing physiological changes are solely the result of lying & not the result of other physical or mental issues; suffers from contamination bias (due to the myths about people convicted of sexual offenses); suffers from difficulty in designing an adequate test to accurately measure effectiveness; are based on proponent studies that are methodologically flawed, lack peer review, &/or is outright lying; & can be defeated with a number of tests or simply with repeated use.

The majority of legal decisions come to a consensus viewpoint. Despite the majority of studies on polygraph use suggest the polygraphs are not effective tools in sex offender treatment, courts have generally allowed states to use the polygraph as a “treatment” tool. While you generally lack the ability to refuse to take the entire polygraph test, you SHOULD have the right to plead the 5th WHEN that particular question that may lead to future criminal charges. There should be agreements written out in treatment programs &/or polygraphs that specifically state whether or not the results can be used against you in a court of law.

Following Fifth Amendment jurisprudence on the issue, a Wisconsin Supreme Court majority (6-1) in *State v. Spaeth*, 2012 WI 95 (July 13, 2012), ruled that Spaeth’s compelled, incriminating, testimonial statements could not be used as evidence against him for criminal acts. As a general rule, you can’t refuse to take the polygraph but you can refuse to answer questions ONLY IF those questions can lead to criminal charges. And since the WI Sup Ct ruled these statements can’t be used in a subsequent criminal trial stemming from actions revealed during an examination, then chances are you won’t be allowed to refuse to answer potentially embarrassing or incriminating questions.

“Spaeth’s statement to officers is subject to derivative use immunity & may not be used in any subsequent criminal trial,” wrote Justice David Prosser for the majority, which reversed the convictions because the statements should have been suppressed. The majority explained that the Fifth Amendment to the U.S. Constitution – & Art. I, Section 8 of the Wisconsin Constitution – protect individuals from self-incrimination. In general, a person must first assert the Fifth Amendment privilege to be protected by it. Thus, police must give persons in custody notice of their Miranda rights, & admissions that occur after Miranda rights are waived are generally admissible. But an exception applies when a person is compelled to testify, as Spaeth was compelled through a lie detector test.

In *Kastigar v. US*, 406 U.S. 441, the U.S. Supreme Court acknowledged that the government can compel testimony but must grant a corresponding right of immunity.

The Wisconsin Supreme Court explained that WIDOC has the authority to compel sex offenders to take lie detector tests. But incriminating statements can only be used “for purposes relating to correctional programming, care, & treatment of the offender.” “This limitation on use of the

compelled statements is constitutionally required,” wrote Justice Prosser, noting that immunity must be extended to compelled statements under *Kastigar*, as explained in *State v. Evans*, 77 Wis. 2d 225, 252 N.W.2d 664 (1977). “We see this case as one involving compelled, incriminating, testimonial evidence,” Justice Prosser wrote. “As a result, Spaeth’s statement to police may not be used in any criminal proceeding because the statement was not derived from a source wholly independent from the compelled testimony. It was derived from compelled testimonial evidence.”

The majority rejected the state’s argument that Spaeth’s statements to police were “sufficiently attenuated” from the admissions to his probation agent, thus making them admissible. “The attenuation doctrine – as normally understood to include such factors as the passage of time between improper police conduct & say, a confession – is simply inapplicable when police are following up compelled, incriminating, testimonial statements,” Justice Prosser wrote. The decision does not prevent law enforcement from investigating “legitimate independent sources” not derived from a compelled statement to pursue criminal prosecution, the majority explained. Compelled statements can also be used to revoke probation or parole, it noted.

Just opinion here, but I believe polygraph examiners spread rumors on how to "beat" polygraphs so they can catch you using them, since many who employ these techniques "must be hiding something." So using many techniques just make you LOOK guilty. Other times, they just claim you failed to see if you'll admit to something you shouldn't be doing. They know polys are bullshit, but like magicians they depend on you to be wowed by the mystique of what they're doing. It is smoke & mirrors, nothing more.

## **CHAPTER 980 (CIVIL COMMITMENT) CASES**

Wisconsin does have a civil commitment program but your chances of being placed in the program are extremely low. According to WIDOC, 731 people convicted of sexual offenses were released in 2023. The number of persons referred to civil commitment has declined from an average of above 350 in Fiscal Years (FY) 2008-2017 to the most recently published count of 224 for FY 2021-2022, and referrals for civil commitment from WIDOC have fluctuated between 45 in FY 2014-2015 and 3 in FY 2021-2022. (Source: Carl Plant. “Informational Paper #57, Civil Commitment of Sexually Violent Persons.” Wisconsin Legislative Fiscal Bureau. Jan. 2023)

The following info on civil commitment in WI was written by attorneys Richard L. Jones, Charles L. Glynn, & Robert Peterson, assistant state public defenders (Note: I am unsure when this was written but it is pretty comprehensive so I copied it verbatim.)

**Introduction:** On May 26, 1994, the Wisconsin State Legislature enacted Chapter 980 of the Wisconsin Criminal Code, entitled “Sexually Violent Person Commitments. This statute, which has been labeled the “sexual predator law,” permits the State to classify persons as sexually violent & commit them indefinitely to a civil treatment facility after they have served their criminal sentences. Chapter 980 creates a civil commitment procedure for sex offenders who meet specific criteria for dangerousness as sexually violent persons. Civil commitments for sex offenders is not a new concept. Many states, including Wisconsin, at one time committed sex offenders under “sexual psychopath statutes.” However, these commitments were in lieu of incarceration, & many states have since repealed such laws.

But Chapter 980 creates a unique process that does not always appear to be the best mechanism for identifying & treating sexually violent persons. For example, when Chapter 980 passed as legislation, the primary attacks on the statute were centered around whether it violated double jeopardy, ex post facto, & substantive due process laws. Its primary structure presented an unfair scenario to those referred for civil commitment, as they were convicted of sexually violent or sexually motivated offenses, sentenced to prison, required to serve their entire confinement sentence & within 90 days of completing that sentence referred for civil commitment for an undetermined period of time up to the remainder of their lives. Criminal defendants challenged the statute alleging that it violated double jeopardy, ex post facto, & substantive due process laws.

The Wisconsin Supreme Court addressed the **double jeopardy & ex post facto challenges** in *State v. Carpenter*, 197 Wis. 2d 252, 541 N.W.2d 105 (1995), where the Court ruled that the Chapter 980 civil commitment procedure is primarily intended to provide treatment & protect the public, not to punish the offender & that as such the chapter does not provide “punishment” in violation of the constitutional prohibitions against double jeopardy or ex post facto laws. The Court addressed the **substantive due process challenges** in *State v. Post*, 197 Wis. 2d 279, 541 N.W.2d 115 (1995) ruling that the state’s compelling interest in protecting the public justifies the differential treatment of the sexually violent persons subject to the chapter. The *Post* Court first pronounced that freedom from physical restraint is a liberty interest protected by the Due Process Clause, which requires a strict scrutiny analysis. The court then ruled that the State has a compelling interest in both protecting the community from the “dangerously mentally disordered” & in providing care & treatment to those with mental disorders. These “dual interests” have been recognized by the United States Supreme Court as legitimate; the compelling interest to protect the community under the state’s police powers & the interest in providing care & treatment to those with mental disorders under the state’s *parens patriae* powers. Despite the substantive

due process, double jeopardy & ex post facto concerns, Wisconsin's sexual predator law appears to be a very effective method for reducing sexually violent crimes, especially for those engaged in behavioral & cognitive therapy.

### **Summary of the Civil Commitment Procedure Under Chapter 980**

The Wisconsin Supreme Court summarized the procedure under Chapter 980, in *In re Commitment of Arends*, 2010 WI 46, 325 Wis. 2d 1, 784 N.W.2d 513, as follows:

If the State wishes to commit a [person as a] sexually violent offender, it must file a petition alleging that the person is a “sexually violent person.” At trial, the State has the burden of proving, beyond a reasonable doubt, that the person: (1) has been adjudicated to have committed a sexually violent offense; (2) has a mental disorder that predisposes the person to acts of sexual violence; & (3) is more likely than not to commit another violent sexual offense. See Wis. Stat. §§ 980.01(7), 980.02(2), 980.05(3)(a). If the trier of fact so finds, the court must commit the person to the custody of the Department, which in turn must place the person into institutional care until the person is no longer a sexually violent person. Wis. Stat. § 980.06.

A committed person must be re-examined by a mental health professional “at least once each 12 months,” at which time the person has the right to also be examined by an independent examiner. Wis. Stat. § 980.07(1). A committed person wishing to secure his or her release has two options. The person may file a petition for supervised release, which he or she may do no more frequently than every 12 months. Wis. Stat. § 980.08. Alternatively, a committed person may file a petition for discharge, which he or she may do at any time. Wis. Stat. § 980.09(1).

**Initiation of 980 Proceedings:** Department of Corrections (DOC) inmates approaching release from prison sentences being served for a 980-qualifying offense (after Act 434 this is virtually every sex-related felony) are referred to the End of Confinement Review Board (ECRB). The ECRB reviews these particular offenders to determine if they might meet the criteria for commitment as a sexually violent person. If the ECRB determines that an offender might meet the criteria for commitment as a sexually violent person, they are referred for further evaluation & action. The ECRB actually recommends 980 action on approximately one-third of those reviewed (approximately 180).

Those persons considered for further evaluation & action are referred to the DOC Evaluation Team (a group of DOC staff psychologists), which evaluate offenders to determine if they should be recommended for commitment as sexually violent persons. A DOC Staff Psychologist is assigned to evaluate each offender referred to the Team & must generate a Special Purpose Evaluation (SPE) Report which recommends immediate discharge or commitment as a sexually violent person. If the evaluated offender does not meet the criteria for commitment as a sexually violent person, he is released according to the terms of his original sentence. If the offender meets the criteria for commitment, either the Attorney General or the District Attorney in the county of residence, county of confinement, or county of conviction for a sexually violent offense then files a 980 petition. Commitment is recommended for approximately 45 of those referred. A petition filed under section 980.02 shall state with particularity essential facts to establish probable cause to believe the person is a sexually violent person. The petition shall state the grounds on which the offense or act is alleged to be sexually motivated. If the petition filed meets the statutory requirements, a probable cause hearing must be held.

**Probable Cause Hearing:** Whenever a petition is filed under s. 980.02, the court shall hold a hearing to determine whether there is probable cause to believe that the person named in the petition is a sexually violent person. If the court determines after a hearing that **there is probable cause** to believe that the person named in the petition is a sexually violent person, the court shall order that the person be taken into custody if he or she is not in custody & shall order the person to be transferred within a reasonable time to an appropriate facility specified by the department for an **evaluation** by the department as to **whether the person is a sexually violent person**. If the court determines that probable cause does not exist to believe that the person is a sexually violent person, the court shall dismiss the petition.

A “**sexually violent person**” is a person who has been convicted of a sexually violent offense, has been adjudicated delinquent for a sexually violent offense, or has been found not guilty of or not responsible for a sexually violent offense by reason of insanity or mental disease, defect, or illness, & who is dangerous to others because he or she currently has a mental disorder that makes it more likely than not that the person will engage in future acts of sexual violence. “

The person subject to a 980 petition has certain rights, including the right to counsel, remain silent, present & cross-examine witnesses, have hearings recorded by a court reporter, a jury trial, to have certain materials disclosed as discovery (980.036), & to have an examiner appointed at county expense to determine if they person is indeed a sexually violent person.

**Original Commitment Trial:** Once probable cause is found, & if the person subject to the 980 petition denies the facts alleged in the petition, **the court** shall, upon the person's request, appoint a qualified & available licensed physician, licensed psychologist, or other mental health professional to perform an examination of the person's mental condition & participate on the person's behalf in a trial or other proceeding under this chapter at which testimony is authorized.

**Upon the order of the circuit court, the county shall pay**, as part of the costs of the action, the costs of the examiner. It is important to note that the **state** may also retain a licensed physician, licensed psychologist, or other mental health professional to examine the mental condition of a person who is the subject of a petition under s. 980.02 or who has been committed under s. 980.06 & to testify at trial or at any other proceeding under this chapter at which testimony is authorized.

The examination, evaluation & reports prepared by the experts form the foundation for the state’s assertion that the person is a sexually violent person & the respondent’s defense & argument that they are not. The matter then proceeds to trial, which may be either a court or jury trial. Any party may request that the matter be tried before a jury of 12 persons as opposed to the court.

At a trial on a petition under Chapter 980, the petitioner (state) has the burden of proving beyond a reasonable doubt that the person who is the subject of the petition is a sexually violent person.

That standard requires them to prove the following three (3) elements:

1. **The Person Has Been Convicted of a Sexually Violent Offense.** The person has been convicted of, found delinquent for, or found not guilty by reason of a mental disease or defect of a sexually violent offense, or sexually motivated offense.
2. **The Person Currently has a Mental Disorder.** “Mental disorder” is defined in 980.01(2) as a congenital or acquired condition affecting the emotional or volitional capacity that predisposes a person to engage in acts of sexual violence. “Mental Disorder” is defined in WI Jury Instruction 2502 as a condition affecting the emotional or volitional capacity that predisposes a person to engage in acts of sexual violence & causes serious difficulty in controlling behavior. Only those mental disorders that predispose a person to engage in acts of sexual violence & cause serious difficulty in controlling behavior are sufficient for purposes of commitment as a sexually violent person.
3. **The Person is Dangerous to Others Because He/She Has a Mental Disorder Which Makes It More Likely Than Not That He/She Will Engage in One or More Future Acts of Sexual Violence.** The person's mental disorder makes it likely that he or she will engage in acts of sexual violence. The person is more likely than not to commit such acts of sexual violence. “Acts of sexual violence” means conduct that constitutes the commission of a sexually violent offense. [980.01(1b)]. “Likely” means more likely than not. [980.01(1m)]. “More likely than not” as used in sub. (1m) is not an obscure or specialized term of art, but a commonly-used expression. *State v. Smalley*, 2007 WI App 219, 305 Wis. 2d 709, 741 N.W.2d 286 (2007). “Acts of sexual violence” means acts which would constitute “sexually violent offenses.” [980.01(7)]. *State v. Smalley*, 2007 WI App 219, 305 Wis. 2d 709, 741 N.W.2d 286 (2007).

If the court or jury determines that the person who is the subject of a petition under s. 980.02 is a sexually violent person, the court shall enter a judgment on that finding & shall commit the person as provided under s. 980.06. If the court or jury is not satisfied beyond a reasonable doubt that the person is a sexually violent person, the court shall dismiss the petition & direct that the person be released unless he or she is under some other lawful restriction.

**Commitment:** Section 980.06 provides that if a court or jury determines that the person who is the subject of a petition under s. 980.02 is a sexually violent person, the court shall order the person to be committed to the custody of the department for control, care & treatment until such time as the person is no longer a sexually violent person. A commitment order under this section shall specify that the person be placed in institutional care.

**Periodic Reexaminations & Annual Reviews:** Once a person has been committed under 980.02, that person is entitled to annual reviews to determine if they have made sufficient progress in treatment to be considered for either discharge from that commitment or release from the institution on supervised release. The first step in this process is the periodic reexamination & preparation of the annual treatment progress report.

980.07 provides that if a person is committed under s. 980.06 & has not been discharged under s. 980.09(4), the department shall appoint an examiner to conduct a reexamination of the person's mental condition within 12 months after the date of the initial commitment order under s. 980.06 & again thereafter at least once each 12 months to determine whether the person has made sufficient progress for the court to consider whether the person should be placed on supervised release or discharged. The examiner shall apply the criteria under s. 980.08(4)(cg) when considering if the person should be placed on supervised release & shall apply the criteria under s. 980.09(3) when considering if the person should be discharged. At the time of a reexamination under this section, the court shall appoint an examiner as provided under s. 980.031(3) upon

request of the committed person or the person may retain an examiner. The county shall pay the costs of an examiner appointed by the court as provided under s. 51.20(18)(a).

At any reexamination, the treating professional shall prepare a treatment progress report. The treatment progress report shall consider all of the following: (1) The specific factors associated with the person's risk for committing another sexually violent offense; (2) Whether the person is making significant progress in treatment or has refused treatment; (3) The ongoing treatment needs of the person, & (4) Any specialized needs or conditions associated with the person that must be considered in future treatment planning. The department shall submit an annual report comprised of the reexamination report & the treatment progress report to the court that committed the person under s. 980.06, the person committed under s. 980.06, the department of justice, & the district attorney, & a copy of the annual report shall be placed in the person's treatment records.

**Petitions for Discharge & Supervised Release:** If the annual review & treatment progress report favor &/or recommend discharge, supervised release, or both, the committed person will file either a Petition for Discharge or a Petition for Supervised Release. Either way, the committed person will seek the appointment of an examiner to prepare a report that they hope will recommend discharge, supervised release, or both.

The right to petition for discharge or supervised release is “among the protections that the Supreme Court has considered significant in concluding that [Chapter 980] does not violate the equal protection clause or the right to due process.” *State v. Combs*, 2006 WI App 137 ¶28, 295 Wis. 2d 457, 720 N.W.2d 684 (citing *State v. Post*, 197 Wis. 2d 279, 307 n. 14, 313-16, 325-327, 541 N.W.2d 115 (1995)). As noted by the United States & Wisconsin Supreme Courts, “[c]ivil commitment for any purpose constitutes a significant deprivation of liberty that requires due process protection.” *State v. Post*, 197 Wis. 2d 279, 302, 541 N.W.2d 115, 122 (1995). Since its enactment, chapter 980 has been construed as offering “ample & fair opportunity for review & petition for release.” *Id.*

The right to periodic reexaminations & the ability to petition for discharge &/or supervised release are among the protections that the Wisconsin Supreme Court has considered significant in concluding that chapter 980 does not violate the equal protection clause or the right to due process. *In re the Commitment of Combs*, 2006 WI App 137 ¶28, 298 Wis. 2d 457, 476, 720 N.W.2d 684, 693 (2006) (citing *State v. Post*, 197 Wis. 2d 279, 307 n. 14, 313-16, 325-327, 541 N.W.2d 115 (1995)). Although the state is not required to provide unlimited opportunities for review, it must allow for review when adequate cause is shown. See *State v. Post*, 197 Wis. 2d 279, 327, 541 N.W.2d 115 (1995). Thus, whenever the committed person has reason to believe that he/she no longer meets the criteria for commitment as a sexually violent person, they may petition the court for discharge.

**The Discharge Process:** The discharge process is outlined in Wis. Stat. §980.09. The court, pursuant to §980.02 & §980.09(2), is required to conduct a two-step review process to determine whether the committed person is entitled to a trial. Wis. Stat. §980.09(1) provides that “a committed person may petition the committing court for discharge at any time. **The court shall deny the petition under this section without a hearing unless the petition alleges facts from which the court or jury would likely conclude the person's condition has changed** since the most recent order denying a petition for discharge after a hearing on the merits, or since the date of his or her initial commitment order if the person has never received a hearing on the merits of a discharge petition, so that the person no longer meets the criteria for commitment as a

sexually violent person.” Wis. Stat. §980.09(2) provides that “...if the court determines that the record does not contain facts from which a court or jury would likely conclude that the person no longer meets the criteria for commitment, the court shall deny the petition [but] **if the court determines that the record contains facts from which a court or jury would likely conclude the person no longer meets the criteria for commitment, the court shall set the matter for trial.**”

The Wisconsin Supreme Court clarified the discharge procedure outlined in Wis. Stat. §980.09(1) & (2) in *In re Commitment of Arends*, 2010 WI 46, 325 Wis. 2d 1, 784 N.W.2d 513. According to the court in *Arends*, **the first step**, pursuant to §980.09(1), is a “paper review of the petition & its attachments only.” *Arends* at ¶25. The court noted that “[t]he clear purpose of such a review is to weed out meritless & unsupported petitions.” *Id.* The court explains “[t]his standard is similar to that used in civil cases to decide a motion to dismiss for failure to state a claim upon which relief can be granted under Wis. Stat. §802.06(2)(a)(6) (2005-2006).” *Id.* **The second step** is a more expansive review that takes into account the total record to “determine whether the documents & arguments before the court contain ‘facts from which the court or jury may conclude that the person does not meet the criteria for commitment.’” *Arends* at ¶37. One of the primary purposes of the review process is to weed out meritless petitions &/or petitions that seek to simply litigate what has previously been litigated. See *State v. Arends*, 2010 WI 46, 325 Wis. 2d 1, 22, 784 N.W.2d 515.

**The Legal Standard for Discharge/Supervised Release:** To remain committed as a sexually violent person, the person must be “dangerous to others because the person’s mental disorder makes it likely that he or she will engage in acts of sexual violence.” Wis. Stat. §980.02(2)(c). In chapter 980, “mental disorder” is defined in §980.01(2) as “a congenital or acquired condition affecting the emotional or volitional capacity that predisposes a person to engage in acts of sexual violence.”

“Likely,” in this context, is defined in §980.01(1m), Wis. Stats., as “more likely than not.” See also *State v. Smalley*, 2007 WI App 219, 305 Wis. 2d 709, 741 N.W.2d 709, 741 N.W.2d 286 which articulates that the term “‘more likely than not’ is not an obscure or specialized term of art, but a commonly-used expression.” The *Smalley* court went on to clarify that “it is hard to think of a clearer definition of the term than the term itself; although perhaps its expression to ‘more likely to happen than not to happen’ is more explicit.” *Id.*

The requirement of the person petitioning for discharge is to show that they are no longer a sexually violent person. The court in *State v. Combs*, 2006 WI App 137, 295 Wis. 2d 457, 720 N.W.2d 684 (citing *State v. Pocan*, 2003 WI App 233 ¶8, 267 Wis. 2d 953, 671 N.W.2d 860), indicated that, though it is not the only way, progress in treatment is one way to show that a person is no longer a sexually violent person. The *Combs* court further articulated that the determination that a person is no longer sexually violent “may [also] be established by a method professionals use to evaluate whether a person is sexually violent that was not available at the time of the prior examination, as well as by a change in the person himself or herself.” *Combs* at ¶25.

**Petitions for Supervised Release:** Any person who is committed under s. 980.06 may petition the committing court to modify its order by authorizing supervised release if at least 12 months have elapsed since the initial commitment order was entered or at least 12 months have elapsed since the most recent release petition was denied, since supervised release was denied under s. 980.09(4), or since the most recent order for

supervised release was revoked. The director of the facility at which the person is placed may file a petition under this subsection on the person's behalf at any time.

The person submitting the petition may use experts or professional persons to support his or her petition. The district attorney or the department of justice may use experts or professional persons to support or oppose any petition. The court, without a jury, shall hear the petition within 120 days after the report of the court-appointed examiner appointed is filed with the court, unless the court for good cause extends this time limit.

In making a decision, the court may consider, without limitation because of enumeration, the nature & circumstances of the behavior that was the basis of the allegation in the petition, the person's mental history & present mental condition, where the person will live, how the person will support himself or herself, & what arrangements are available to ensure that the person has access to & will participate in necessary treatment, including pharmacological treatment using an antiandrogen or the chemical equivalent of an antiandrogen if the person is a serious child sex offender. A decision on a petition filed by a person who is a serious child sex offender may not be made based on the fact that the person is a proper subject for pharmacological treatment using an antiandrogen or the chemical equivalent of an antiandrogen or on the fact that the person is willing to participate in pharmacological treatment using an antiandrogen or the chemical equivalent of an antiandrogen.

The court may not authorize supervised release unless, based on all of the reports, trial records, & evidence presented, the court finds that all of the following criteria are met:

1. The person is making significant progress in treatment & the person's progress can be sustained while on supervised release
2. It is substantially probable that the person will not engage in an act of sexual violence while on supervised release.
3. Treatment that meets the person's needs & a qualified provider of the treatment are reasonably available.
4. The person can be reasonably expected to comply with his or her treatment requirements & with all of his or her conditions or rules of supervised release that are imposed by the court or by the department.
5. A reasonable level of resources can provide for the level of residential placement, supervision, & ongoing treatment needs that are required for the safe management of the person while on supervised release.

The person has the burden of proving by clear & convincing evidence that the person meets the criteria outlined above. If the court finds that all of the criteria are met, the court shall select a county to prepare a report. Unless the court has good cause to select another county, the court shall select the person's county of residence as determined by the department under s. 980.105.

The court shall order the county department under s. 51.42 in the county of intended placement to prepare a report, either independently or with the department of health services, identifying prospective residential options for community placement.

The court shall review the plan submitted by the department under par. (cm). If the details of the plan adequately meet the treatment needs of the individual & the safety needs of the community, then the court shall approve the plan & determine that supervised release is appropriate. If the details of the plan do not adequately meet the treatment needs of the individual or the safety needs of the community, then the court shall

determine that supervised release is not appropriate or direct the preparation of another supervised release plan to be considered by the court under this paragraph.

An order for supervised release places the person in the custody & control of the department. The department shall arrange for control, care & treatment of the person in the least restrictive manner consistent with the requirements of the person & in accordance with the plan for supervised release approved by the court. A person on supervised release is subject to the conditions set by the court & to the rules of the department.

As a condition of supervised release granted under this chapter, for the first year of supervised release, the court shall restrict the person on supervised release to the person's residence except for outings approved by the department of health services that are under the direct supervision of a department of corrections escort & that are for employment or volunteer purposes, religious purposes, educational purposes, treatment & exercise purposes, supervision purposes, or residence maintenance, or for caring for the person's basic living needs.

If the department believes that a person on supervised release, or awaiting placement on supervised release, has violated, or threatened to violate, any condition or rule of supervised release, the department may petition for revocation of the order granting supervised release as or may detain the person. If the department believes that a person on supervised release, or awaiting placement on supervised release, is a threat to the safety of others, the department shall detain the person & petition for revocation of the order granting supervised release. If the department concludes that the order granting supervised release should be revoked, it shall file with the committing court a statement alleging the violation & or threat of a violation & a petition to revoke the order for supervised release. The court shall hear the petition within 30 days, unless the hearing or time deadline is waived by the detained person. A final decision on the petition to revoke the order for supervised release shall be made within 90 days of the filing. Pending the revocation hearing, the department may detain the person in the county jail or return him or her to institutional care. If the court finds after a hearing, by clear & convincing evidence, that any rule or condition of release has been violated & the court finds that the violation of the rule or condition merits the revocation of the order granting supervised release, the court may revoke the order for supervised release & order that the person be placed in institutional care. The court may consider alternatives to revocation. The person shall remain in institutional care until the person is discharged from the commitment under s. 980.09 or is placed again on supervised release. If the court finds after a hearing, by clear & convincing evidence, that the safety of others requires that supervised release be revoked the court shall revoke the order for supervised release & order that the person be placed in institutional care. The person shall remain in institutional care until the person is discharged from the commitment under s. 980.09 or is placed on supervised release.

**Petitions for Discharge:** A committed person may petition the committing court for discharge at any time. The court shall deny the petition under this section without a hearing unless the petition alleges facts from which the court or jury would likely conclude the person's condition has changed since the most recent order denying a petition for discharge after a hearing on the merits, or since the date of his or her initial commitment order if the person has never received a hearing on the merits of a discharge petition, so that the person no longer meets the criteria for commitment as a sexually violent person.

If a person files a petition for discharge, the person may use experts or professional persons to support his or her petition. The district attorney or the department of justice may use experts or professional persons to support or oppose any petition.

In reviewing the petition, the court may hold a hearing to determine if the person's condition has sufficiently changed such that a court or jury would likely conclude the person no longer meets the criteria for commitment as a sexually violent person. In determining under this subsection whether the person's condition has sufficiently changed such that a court or jury would likely conclude that the person no longer meets the criteria for commitment, the court may consider the record, including evidence introduced at the initial commitment trial or the most recent trial on a petition for discharge, any current or past reports filed under s. 980.07, relevant facts in the petition & in the state's written response, arguments of counsel, & any supporting documentation provided by the person or the state. If the court determines that the record does not contain facts from which a court or jury would likely conclude that the person no longer meets the criteria for commitment, the court shall deny the petition. If the court determines that the record contains facts from which a court or jury would likely conclude the person no longer meets the criteria for commitment, the court shall set the matter for trial.

At trial, the state has the burden of proving by clear & convincing evidence that the person meets the criteria for commitment as a sexually violent person. If the court or jury is satisfied that the state has not met its burden of proof, the person shall be discharged from the custody of the department. If the court or jury is satisfied that the state has met its burden of proof, the court shall proceed to determine whether to modify the person's existing commitment order by authorizing supervised release, unless the person waives consideration of the criteria. If the person waives consideration of these criteria, the waiver is a denial of supervised release.

**Procedures for Discharge Hearings:** The district attorney or the department of justice, whichever filed the original petition, or the person who filed the petition for discharge or his or her attorney may request that a trial under s. 980.09(3) be to a jury of 6. A jury trial is deemed waived unless it is demanded within 10 days of the determination by the court that a court or jury would likely conclude under s. 980.09(1) that the person's condition has sufficiently changed. No verdict shall be valid or received unless at least 5 of the jurors agree to it.

## **WISCONSIN LOCAL-LEVEL RESTRICTIONS DATABASE**

### **ABOUT THIS DATABASE**

Wisconsin does not have statewide restriction law in place for Persons Forced to Register; the only exception is that those “On Paper” (probation/parole/supervised release, etc.) cannot establish a residence until registering beforehand. Those On Paper can be banned from residing in certain locations by courts. Those On Paper classified as SVPs cannot be placed within 1500 feet of school premises, child care facility, public park, place of worship, or youth center, nursing homes/assisted living centers, & next door to a child’s residence; must be released only in the county of conviction.

However, many municipalities have the authority under Wis. Stat. §§59.54(6) and (22) to “enact and enforce ordinances to preserve the public peace and good order within the county including, but not limited by enumeration, ordinances prohibiting conduct.” As a result, many municipalities, townships, and counties have imposed residency restriction ordinances upon persons forced to register. Official reports stated that over 150 municipalities have passed some form of residency restriction, and/or proximity or presence restriction. In addition, many local ordinances may include what is known as an “original domicile restriction,” meaning you cannot move into the community UNLESS you had resided in that community before your conviction. This has created a situation where Registered Persons have a difficult time finding housing throughout the state.

This database was first created by Derek W. Logue of OnceFallen.com between May 2025 and October 2025 because no other resource has taken the time to list current restrictions in the state of Wisconsin. Wisconsin is one of a handful of states that have allowed municipalities to create and enforce their own residency restriction laws.

This database was compiled by searching every available website that posts municipal codes for communities within the state. Many links to municipal codes and ordinances can be found at:

<https://wilawlibrary.gov/topics/ordinances.php>

Many communities also post ordinances on websites like Municode (<https://library.municode.com/>), American Legal Publishing Corporation (<https://codelibrary.amlegal.com/>) and General Code/eCode360 (<https://ecode360.com/> or <https://www.generalcode.com/>). Some have their own websites. A community is only listed in this database if the municipal codes have been reviewed.

This database is intended to document local-level restrictions in Wisconsin at the time it was reviewed. New ordinances can pass, and existing ordinances can be altered, at any time. While this database could be used as a guide for those seeking to abide by the laws, it is suggested you double-check municipal ordinances to see if changes have been made. A brief discussion on how to conduct your own research is mentioned in this report.

### **DISCLAIMERS AND STATEMENT OF LIMITATIONS OF THIS REPORT**

1. **ACCURACY:** This report was as accurate as within my abilities at the time of release. While I tried to provide the most info possible, some communities created ordinances that are confusing or even incomplete. Also, new ordinances can be passed at any time with little to no news coverage, and some communities may have passed ordinances not published online. Some municipalities have repealed older ordinances and replaced them with new ones; thus, some municipalities may have had residency restrictions before the date listed in the database. This may hinder research into patterns on passage of these ordinances. In this guide, I have added the locations of the ordinances I found within the codes for your convenience, though even the location of the code or ordinance can change at any time. Please check with the local registry office before moving in to ensure there are no restrictions in that area before you move there. If you know of any restrictions not listed in this report or find an error, send it to Derek Logue at iamthefallen1@yahoo.com and please send a copy of the current ordinance as proof.
2. **NOTICE OF EXCEPTIONS:** There ARE some exceptions to each ordinance, so I have added the ordinance number so that you may find the exceptions to the rules.. Some municipal ordinances may apply to all Registered Persons or only apply to those Registered Persons with offenses against minors (those under the ages of 16 to 18 depending on the ordinance, those on supervised release including those on lifetime supervision, those subject to community notification or “Special Bulletin Notice”, or those designated by the state as a “Sexually Violent Predator”, and there are some exceptions to the rules. Generally, exceptions to ordinances include court orders allowing residency or living in the location before a prohibited location opens close to your residence which would place the residence within a restrictive zone. Many municipal codes and ordinances may also contain a provision to apply to a local appeals board to apply for an exception to the rules.
3. **LEGAL DISCLAIMER:** This report is NOT intended to be a treatise on the efficacy or constitutionality of these laws. Information posted here was created for research purposes into the spread of municipal ordinances throughout the state and reflects only ordinances personally reviewed by the author. . The original date of the passage of an ordinance and original ordinance is listed for the sake of documenting potential trends in the spread of residency restrictions and other municipal ordinances. The information posted on restrictions in this report are of the ordinances current at the time of review rather than those of the original ordinance, as ordinances and municipal codes can be amended by later revisions to these codes and ordinances.
4. **NOTICE TO THOSE ON SUPERVISED RELEASE:** Those subject to supervised release, probation, or parole, can face additional restrictions to what is listed here at the discretion of your P.O. In some cases, local-level ordinances provide exceptions to residency restrictions if court-ordered to stay in a location that would otherwise be restricted.
5. **FAIR USE POLICY** This report is free to be disseminated for non-profit/non-commercial use. (Essentially, not to be rebranded and/or resold other than recoup the costs of printing/sending to those who need it). You must give credit to Derek W. Logue of OnceFallen.com and post the link to the website.

### UNDERSTANDING THE DATABASE

The Excel database uses the following categories:

1. **Community:** Name of the administrative division. Due to the terminology used by the state, I use “community” instead of “municipality” since unincorporated areas can be “towns” (or townships) with their own rules.
2. **Type:** Wisconsin’s “Administrative divisions” – County, City, Town (or township), or Village. See “Understanding Wisconsin’s Administrative Divisions” for further details.
3. **County:** The county or counties in which the community is located.
4. **Pop:** population of the community
5. **RRs:** (Residency Restrictions) Does the community have a residency restriction law? If yes, numbers are in feet. If a community has residency restrictions, the distance of prohibited areas is typically measured property line to property line, not building to building. This means you need to consult a plat map instead of relying on typical online maps to measure distance.
6. **PR:** Presence or Proximity Restrictions: Typically “anti-loitering,” though some ordinances may say you can’t be present within a certain distance. It does not always match the distance set for residence restrictions. In this category, “OP” is an abbreviation for “on premises”
7. **ODR:** “Original Domicile Restriction” or “Original Residence Rule”, an ordinance barring a Registered Person from moving into the municipality UNLESS they had resided in that municipality before your conviction. Some communities make this rule permanent or for a set number of years after release (often 10 years from release date) and often apply only to those on supervision.
8. **HW:** Restrictions on specific activities during Halloween and/or other holidays (incl. Xmas, Easter) that may include prohibitions on handing out candy, wearing costumes, and putting up displays and decorations
9. **App2:** Applies to, i.e., whether local ordinances apply to all Registrants or only certain offense types, such as “SVPs” (“sexually violent predators”), those subject to a “Special Bulletin Notification” (SBN), those with offenses against those below a certain age (Ex: a law applying to those registrants with offenses against those under age 18 is listed as Off<18), those convicted of sexual assault (SA), those convicted of a “serious child sex offense” (SCSO), those on Supervised Release/probation/parole (SR), or those on Lifetime Supervision (LS).
10. **1stPass:** Date the ordinance was first created, if known. This is usually found in the footnotes sections of municipal codes. (Example: “Added 11-3-2014 by Ord. No. 2043”). However, some municipalities have repealed and replaced their entire municipal codes and ordinances in their entirety. This means a residency restriction law may have existed BEFORE the date posted in this section. This report posts the date of the oldest KNOWN ordinances.
11. **Ord#:** The original ordinance code that created the restrictions, if known; this is often listed in the municipal code.
12. **Municipal Code #s:** Where in the community’s municipal code where the ordinances are found
13. **Prohibited Areas & Additional Notes:** Many prohibited area applies specifically to areas used primarily by minors (anyone under age 18). So when a code/ordinance states a certain area is prohibited, such as an “athletic field”, it is generally those specifically for use by children but can be any place that can be accessed by children. Prohibited locations mentioned like parks or libraries are PUBLIC facilities unless stated it includes PRIVATE. Additional notices, such as certain other restrictions, will be mentioned in the same section of the report as the list of prohibited areas, which can include employment restrictions or other additional penalties worth noting. For the sake of brevity, “incl.” may shorten the phrase “including, but not limited to...” Other restrictions in notes may include job/ license bans or anti-clustering laws

### DEFINITIONS USED IN THIS REPORT AND/OR IN ORDINANCES

If you plan on doing your own research or are confused by some of the terminology in this report, here are some common terms you may see while reading municipal ordinances and while reading this report. While there is usually a definitions section in each ordinance, definitions may vary.

- **“980”**: Shorthand for Wisconsin Statutes Ch. 980, dealing with registrants subject to civil commitment. See SVP
- **“Anti-Clustering”**: A law prohibiting so Registered Persons from living in the same residence or near another Registrant.
- **“Child” (or “Minor”)**: In state law, a person who has not attained the age of 18 years, except that for purposes of prosecuting a person who is alleged to have violated a state or federal criminal law, “child” does not include a person who has attained the age of 17 years. However, in some ordinances in this report, a “child” is someone under age 17 or 16 for purposes of the ordinance.
- **“Child Safety Zones”**: Term used often in codes/ordinances that denote the prohibited areas within a community. You will often find a list of prohibited areas under a “definitions” section of the ordinance
- **“Contiguous”**: Any property that touches another property, i.e., is “next door” to the property.
- **“Church” or “place of worship”**: Any building offering religious services, which can include non-traditional religious buildings.
- **“Crimes Against Children”**: The offenses against minors or children generally cited in local ordinances are listed below. State law defines a “child” as anyone under age 18, so any ordinance stating offense against a child but lists no specific age is assumed to follow state laws. Many municipal ordinances will define a child or minor as below ages 16, 17, or 18, but for CP offenses, that age will always be set at 18. For those classified as an SVP, there is seemingly no age limit unless explicitly noted in the ordinance.
  - A. Section 940.225(1), First degree sexual assault;
  - B. Section 940.225(2), Second degree sexual assault;
  - C. Section 940.225(3), Third degree sexual assault;
  - D. Section 940.22(2), Sexual exploitation by therapist;
  - E. Section 940.30, False imprisonment-victim was minor and not the offender's child;
  - F. Section 940.31, Kidnapping-victim was minor and not the offender's child;
  - G. Section 944.01, Rape (prior statute);
  - H. Section 944.10, Sexual intercourse with a child (prior statute);
  - I. Section 944.06, Incest;
  - J. Section 944.11, Indecent behavior with a child (prior statute);
  - K. Section 944.12, Enticing child for immoral purposes (prior statute);
  - L. Section 948.02(1) and (2), First and Second Degree Sexual Assault of a Child;
  - M. Section 948.025, Engaging in repeated acts of sexual assault of the same child;
  - N. Section 948.05, Sexual exploitation of a child;
  - O. Section 948.055, Causing a child to view or listen to sexual activity;
  - P. Section 948.06, Incest with a child;
  - Q. Section 948.07, Child enticement;
  - R. Section 948.075, Use of a computer to facilitate a child sex crime;
  - S. Section 948.08, Soliciting a child for prostitution;
  - T. Section 948.095, Sexual assault of a student by school instructional staff;
  - U. Section 948.11(2)(a) or (am), Exposing child to harmful material-felony section;
  - V. Section 948.12, Possession of child pornography;
  - W. Section 948.30, Abduction of another's child;
  - X. Section 971.17, Not guilty by reason of mental disease-of an included offense;
  - Y. Section 975.06, Sex crimes law commitment

- **“Designated Sex Offender”**: Some municipalities limit their ordinances to certain offenses, usually based on age (i.e., any offense against a child or minor), and/or those designated with SVP or SBN statuses.
- **“Facilities for children”**: Any place that has a program primarily or exclusively for minors, which can include any or all the following—public/ private school, group/ residential care center for children/ youth, shelter care facility, foster/ treatment foster home, day care center/ program/ provider, youth center, “Sunday School”/ church, or “specialized” schools (businesses that teach specialized classes like
- **“Incl.”**: Shorthand for “including,” or, more often, “including, but not limited to”
- **“LS”**: Those placed on lifetime supervision
- **“Original Domicile Rule” (ODR, aka Original Residency” rule)**: An ordinance that prohibits a Registered Person from residing in a community unless that Registrant lived in that community at the time the offense was committed. This rule is usually intended to prevent placement of “SVPs” or “980s” in the community but may apply to all Registrants. Many of these ordinances have a time limit (usually 10 years from release from incarceration & supervision)
- **“Parks”**: Municipalities often listed all park areas under terms like “park”, “parkway”, “parkland,” and “park facility”, so parks can denote all land considered park of a park, including walking/bike/equestrian (horse) trails, road connecting parts of a park, or parking lots.
- **“Places where children congregate/gather”**: Any place designated to be a location frequented by children in addition to any set locations mentioned in the code/ordinance.
- **“Proximity” or “Presence Restriction” (PRs)**: Not allowed to be present in, pass through, and/or loiter inside of a prohibited area
- **Rec.**: Shorthand for “recreational”
- **Resident Agent**: Resident Agent. Any person appointed by the owner of a tourist rooming house (short-term rental) to act as agent on behalf of the owner.
- **RP, Registered Person or Registrant**: A Person Forced to Register (PFR) on the public sex offense registry
- **Short-Term Rental**: Residential rental property for a period less than 30 days (i.e., ArBnB or Vrbo); it generally excludes hotels/motels.
- **Special Bulletin Notification (SBN or SBX)**: AKA Community notification. There are three levels of notification assigned by risk –
  - Level I: Notification about the RP is disseminated to law enforcement only.
  - Level II: Notification about the RP is provided to specific individuals & groups, based on the particular facts in the case.
  - Level III: Notification is community wide notification where upon information is disseminated through media & community meetings. Most ordinances calling for limits on those “SBN” mean those subject to Tier III community notification)
- **“School”**: Any school offering educational classes to those under age 18, whether public, private, or religious (Pre-K to High School, or Head Start programs)
- **“Specialty School”**: Businesses that teach offer targeted programming like dance/gymnastics/martial arts/music, tutoring places, Montessori schools/ academies, and other places that teach or instruct children.
- **“SCSO”**: “Serious Child Sex Offender”, primarily offenses against a child age<13
- **“SVP”**: A person designated as a “sexually violent predator/ person” or one convicted of an offense deemed violent and sexual in nature; often these are Registrants who were considered eligible for civil commitment.

### **DOING YOUR OWN RESEARCH IN WISCONSIN'S LOCAL ORDINANCES**

If you wish to conduct your own research into local ordinances, the first place you may want to visit is the Wisconsin State Law Library's WI Ordinances & Codes page (<https://wilawlibrary.gov/topics/ordinances.php>). It has direct links to almost every county, township, village, and city ordinance in the state.

Municipalities may also host their ordinances on municipal code websites like Municode (<https://library.municode.com/>), American Legal Publishing Corporation (<https://codelibrary.amlegal.com/>) and eCode360 (<https://ecode360.com/>), all of which have search bar. Some have their own websites.

For those with search bars, you might find ordinances using the following terms: sex, sexual, offender, offense, predator, "feet of", school, or safety zone; you can also use CTRL+F on a web browser to pull up a word search bar and type those words on a page. If you have to read through municipal codes manually, many ordinances will be under chapters covering "Offenses", "Public Safety/ Health/ Welfare", "nuisances", "zoning", "parks" or "miscellaneous offenses". It may generally be titled as "Sex Offender Regulation/ Residency Restrictions" or "Child Safety Zones."

If you do find an ordinance, most follow a similar basic structure:

1. **Statement of Intent, Purpose, or "Recital":** A statement filled with erroneous claims of high recidivism and/or a statement the intent of the ordinances is not to "punish" or be "punitive". The latter statement is meant to shield the municipality from constitutional challenges.
2. **Definitions:** Watch for definitions of what constitutes a "designated sex offender"; in many locations, the term only applies to those with offenses against a person below a certain age or given a specific status like SVP or SBN Registrants rather than against all Registrants. An ordinance may define a "sex offender" as someone who commits offense against a child; then you must look for the definition of a "child."
3. **Prohibitions/Offenses:** The list of prohibited activities. You may have to refer back to definitions to know what places are actually prohibited areas. Pay close to any differences between residency and proximity restrictions; some municipalities add additional areas to proximity restrictions. Ordinances generally apply a prohibition on renters offering housing in a prohibited area.
4. **Exceptions:** There are usually some exceptions to the ordinance, generally an exclusion if your conviction was as a minor, was pardoned, and/or a "grandfather clause" that allows you to stay in a prohibited zone if you resided in the home before the ordinance took effect or a prohibited business moved in after you established residence. Some municipalities also allow an appeals process made through a local "sex offender management board" which may be appealable through local courts. Even if you are considered an SVP, there may be an exception to certain rules if your residential placement is ordered by the courts.

The smaller the community, the harder it is to find online ordinances. The ONLY way to know for sure what current laws exist and are being enforced is by contacting the local registration office wherever you plan to move.

### **UNDERSTANDING WISCONSIN'S ADMINISTRATIVE DIVISIONS**

Wisconsin's "Administrative divisions" can complicate matters when researching restrictions. There are three categories of divisions. Wisconsin is divided into counties, cities, villages and towns (known elsewhere as "townships"); cities and villages can overlap county boundaries. This also means that multiple locations have the same name. For example, the city of Algoma is in Kewaunee County while the town of Algoma is in Winnebago County. The database denotes the type of community.

The following info was extrapolated primarily from the League of Wisconsin Municipalities website (<https://www.lwm-info.org/>)

1. City: In order to incorporate as a city, a community must have at least 1,000 citizens if it is in a rural area or 5,000 if it is in an urban area. As of 2015, Wisconsin had 190 cities. Cities are broken down further into classes. The city of Milwaukee is the only first class city in Wisconsin. There are 16 cities of the second class, 30 cities of the third class and 143 cities of the fourth class.
  - a. Cities of 150,000 population and over constitute cities of the first class.
  - b. Cities of 39,000 and less than 150,000 population constitute cities of the second class.
  - c. Cities of 10,000 and less than 39,000 population constitute cities of the third class.
  - d. Cities of less than 10,000 population constitute cities of the fourth class.
2. Village: In order to incorporate as a village, a community must have at least 150 citizens if it is in a rural area or 2,500 if it is in an urban area. As of 2015, Wisconsin had 410 villages.
3. Town (or township): The word "town" has a different meaning in Wisconsin than in most other states. In Wisconsin, a "town" is a 6-mile by 6-mile parcel of unincorporated land within a county; Wisconsin towns are thus similar to civil townships in most other states. All residents of Wisconsin who do not live in an incorporated city or village live in a "town". As of 2015, Wisconsin had 1,255 towns.

Other noteworthy statistics:

- Percentage of State Population Residing in Cities and Villages: 70%
- Largest Municipality: Milwaukee (595,993 in 2015)
- Smallest Municipality: Village of Big Falls (59 in 2015)
- Number of Municipalities with populations below 2,500: 378
- Number of Municipalities with populations above 2,500: 221

**NOTABLE STATISTICS AND FACTS IN THIS DATABASE**

NOTICE: There are 1,922 total cities, villages, townships, and counties in the state of Wisconsin. Of those local-level governments, 577 local-level governments lacked online ordinances and/or did not respond to FOIA request, or had incomplete information on existing ordinances. Statistics below will be based on the remaining 1345 local-level ordinances reviewed for this report. Just over a fourth of communities with searchable ordinances have some form of restrictive ordinance.

Cities, villages, townships, & counties WITHOUT any restrictions (incl. those w/ only job/license bans)	998 (74.3%)
Cities, villages, townships, & counties WITH some form of restrictive ordinance	347 (25.7%)
Largest city or village without any restrictive ordinances	Appleton (75,644)
Largest town without any restrictive ordinances	Grand Chute (23,831)
Smallest community with restrictive ordinances	Millston (pop. 136)
Number of communities with residency restrictions	319 (23.7%)
Number of communities with proximity or anti-loitering laws beyond just “on premises” prohibitions	156 (11.6%)
Number of communities with an “Original Domicile Rule”	148 (11%)
Number of communities with Halloween restriction laws	180 (13.4%)
Number of communities with an Anti-Clustering ordinance	11 (0.8%)
Year with the most ordinances passed	2008 (26)
Oldest known ordinance based on this report	Franklin City (11/21/06)

Additional stats and notes:

- ❖ At least one ordinance passed every year since 2006: 2006 (1), 2007 (20), 2008 (26), 2009 (17), 2010 (11), 2011 (13), 2012 (8), 2013 (18), 2014 (17), 2015 (18), 2016 (23), 2017 (23), 2018 (7), 2019 (10), 2020 (15), 2021 (10), 2022 (6), 2023 (7), 2024 (3), 2025 (4). There are a few caveats worth mentioning here.
  - First, 86 communities with restrictive ordinances did not state an origin date for their laws.
  - Second, a number of communities had revised their code of ordinances in recent years, making pinpointing when a local-level ordinance originally passed.
  - Third, some communities had scaled back local residency restriction laws in response to *Hoffman, et al. v. Village of Pleasant Prairie*, Case No. 16-CV 697-JPS (E.D. Wis., 4/17/2017), which ruled the ordinance violated ex post facto and equal protection clauses. (The Pleasant Prairie ordinance had made 90% of the town off-limits and most of the remaining land was non-residential property.).
  - Wisconsin is a legal battleground for municipal residency restriction laws, but some recent rulings may inspire some municipalities to reinstate bad ordinances or encourage communities with ordinances to increase the distance of the restrictive ordinances. *Koch v. Village of Hartland*, No. 22-1007 (7th Cir. 2022) overturned prior rulings in *US v. Leach*, 639 F.3d 769 (7th Cir. 2011) & *Vasquez v. Foxx*, 895 F.3d 515 (7th Cir. 2018), concluded that the critical inquiry in assessing retroactivity is “whether the law changes the legal consequences of acts completed before its effective date.” The courts declared the Hartland ordinance was retroactive, and remanded the case back to the

US District Court to determine if the law is punitive. Residency restrictions were unsuccessfully challenged in *Nelson v. Town of Paris*, 616 F. Supp. 3d 844 (E.D. Wis. 2022), which upheld a local 6500 foot residency restriction ordinance.

- Unlike other states that allow local-level ordinances, passage of ordinances in WI are more evenly distributed among years, suggesting there is no singular event that triggered an explosion of local-level ordinance passage.
- ❖ Out of the different types of communities, cities are the most likely community type to pass a restrictive ordinance:
  - 154 of 416 villages (37%) have a restrictive ordinance
  - 3 out of 72 counties (4.2%) have a restrictive ordinance; Juneau and Kewanee Counties have some presence/anti-loitering restrictions, and Walworth County passed an ordinance requiring the Lakeland Health Care Center (a nursing home) to deny admission to RPs
  - 88 of 1244 towns (7.1%) have a restrictive ordinance
  - 102 out of 190 cities (53.7%) have a restrictive ordinance
- ❖ The 11 communities with anti-clustering laws: Allouez (village) Cloverland (town), Coleman (village), Eagle River (village), Fredonia (town), Grafton (village), Howard (Village), Hustisford (village), Land O' Lakes (town), Somers (town), Somers (village), Union Grove (village), Yorkville (village)
- ❖ Communities that repealed their local restrictive ordinances:
  - Algoma (Town, Winnebago Co., Pop. 7,000), Repealed 8/22/2024
  - Brownsville (Village, Dodge Co., Pop. 598) Repealed 8/9/2017
  - Kimberly (Village, Outagamie, Pop. 7,675) Repealed 10/4/2021
  - Lake Geneva (City, Walworth Co., Pop. 8,684) Repealed 4/28/2025
  - Randall (Town, Kenosha, Pop. 3,285) Repealed 1/10/2019
- ❖ Registrants targeted by ordinances:
  - “Crimes Against Children”: The law targets those with offenses against those under age 18 the most often (206), followed by offenses against those under age 16 (81); Off<17 (3), Off<15 (1) and Off<14 (1) were outliers; 38 ordinances effectively applied their ordinances to all Registrants even when not explicitly stated in the ordinance.
  - Offense category: Local-level ordinances most frequently targeted those convicted for a sexually violent offense (160) or those subjected to a “Special Bulletin Notice” (160); Lifetime Supervision (37), “Habitual” offenders (4), those on Supervised Released (3), those labeled a “Serious Child Sex Offender” (1), and those convicted of sexual assault (1) were rarely mentioned.
  - The majority of known ordinances, 299 of 347 (86.2%) targeted multiple categories of Registrants.

## WISCONSIN COMMUNITIES WITH RESIDENCY, PROXIMITY, AND OTHER RESTRICTIONS

<u>Community</u>	<u>Type</u>	<u>Co.</u>	<u>Pop</u>	<u>RR</u>	<u>PR</u>	<u>O</u> <u>D</u>	<u>H</u> <u>W</u>	<u>App2</u>	<u>1st Pass</u>	<u>Ord#</u>	<u>Code #s</u>	<u>00-Prohibited Areas &amp; Notes</u>
Abbotsford	City	Clark	2,275	500	500	N	Y	All	?		Tit. 11, §11-2-18	Facility for children (public/ private school, group home, residential care center for children/ youth, shelter care facility, foster/ treatment foster home, day care center/ program/ provider, youth center); public & park, parkway, parkland, park facility, swimming pool/ splash pad, playground, beach, conservatory; library; rec trail; Athletic fields used by children; movie theater; specialized school for children, incl. gymnastics/ dance academy or music school; public/ private golf course/ range; Aquatic facilities open to the public; place of worship; ski and/or sledding hill open to the public

## **ADDITIONAL NOTES ON COMMUNITIES WITHOUT ORDINANCES**

Communities that tried, but failed, to pass ordinances include: Anson (considered making an ord. in 2023 to stop parolee placements there, but church/park was built at location considered instead), Coloma (defers to non-existent Co. Ord.), Dupont, Grand Rapids, Knowlton (minutes dated 10/28/24 mentions a resident asked if the Town was aware of the plan by Portage Co. to purchase land to house an “SVP” but landowner stated he wouldn’t sell to the Co.), St. Germain, Two Creeks, and Waupun.

Of these communities without any other restrictive ordinances, the following communities have the following employment/license bans:

<u><b>Community</b></u>	<u><b>Type</b></u>	<u><b>Co.</b></u>	<u><b>Pop</b></u>	<u><b>Prohibited Areas &amp; Notes</b></u>
Adams	Town	Jackson	20,654	License Ban: Sexually Oriented Business (§296-6, ban extends to spouse)
Beaver Dam	City	Dodge	16,531	Registrants may be denied a license to be a "transient merchant" or run a "mobile food kitchen" (Ch. 42, Art. II, Div. 7, §42-185)
Bell	Town	Bayfield	355	License Ban: Short Term Rental Operator (Ord. 2023-01)
Buchanan	Town	Outagamie	6,755	License Restriction: Escort Services (§279-4)
Calumet	Co.	Calumet	52,442	License Ban: Sexually Oriented Business (§42-8)
Evansville	City	Rock	5,703	Note: "Not recommended" for obtaining a Solicitor's license (§90-5(c))
Fairfield	Town	Sauk	1,078	License Ban: Resident Agent (Ord. 2024-1)
Fitchburg	City	Dane	29,609	License Ban: Alcoholic Beverages (§60-188)
Marshfield	City	Wood; Marathon	18,929	5 yr. minimum ban on taxicab drivers, after that, done on case-by-case basis (§9-57)
Rome	Town	Adams	2,720	License ban: Alcohol beverage sales (§234-8)
Schofield	City	Marathon	2,157	License Ban: Taxicab (§14-106)
Watertown	City	Jefferson; Dodge	22,926	Employment Ban: Organizer or employee at a "special event"

## **WISCONSIN COMMUNITIES THAT DID NOT HAVE REVIEWABLE ORDINANCES FOR THIS REPORT**

Of the 577 local level governments without online ordinances, nine are classified as cities, 480 are towns, and 88 are villages. Only two towns have populations above 5000, while the largest village and city in this category have populations of around 2500 persons.

Community	Type	Co.	Pop
